Dear Name,

In the Maine ESOP Community, the one thing that stands out is building relationships and fostering our spirit of employee ownership. There are over *6700 ESOPs nationally* and **over 70 ESOPs in Maine** - and that number is growing! Maine ESOP companies represent every corner of the State and span every industry from construction to engineering, financial services to agriculture and manufacturing to technology.

The **Maine ESOP Fall Conference** will be held on **October 24, 2023**, at the **Hilton Garden Inn in Freeport, Maine**.

We want to provide opportunities for you to highlight your company, services, and products at the conference and we have a variety of ways for you to do so from vendor displays to a variety of sponsorship levels to support the conference. We know ESOP companies like yours provide shining examples; we would appreciate the opportunity for you to share with other Maine ESOPs.

Vendor and sponsorship levels/benefits are described in the attached PDF.

Enclosed you'll find the Fall Conference Registration form. Please complete and email to Beth Valley at [bvalley@sebagotechnics.com](mailto:bvalley@sebagotechnics.com). Include a printed copy with your payment via mail.

***If you wish to sponsor/become a vendor:*** Prior to submitting your registration form, please reach out to Beth to ensure availability and secure your level of sponsorship and/or vendor table.

*Your support is appreciated!*

Sincerely,

***The Maine ESOPs Conference Team***
